Discerning boat owners have come to expect the best from a performance built craft like the Cabin SL series. Where deck space is required for access and manoeuvrability the Protector range supplies the perfect choice. Private & separate toilet and change areas with fully complemented quality interior layout ensure this leisure model will provide a perfect boating experience.

As a superyacht racing tender and service boat for support crews and team members, the twin diesel or petrol outboard power options coupled with the hypalon tube configuration make this mid-ocean tender ideally suited - fast, safe, reliable.

Flexible aft seating layout can be quickly configured for racing or aftermatch cruising adapting to suit your needs, making this boat ideal for any owner/operator.

Models shown may include optional accessories
